

Our Social Media Community Guidelines:

Welcome to Indivior’s social media channels. We look forward to connecting with you across our channels. Follow along as we share information and about how we pioneer in developing innovative prescription treatments for people suffering from substance use disorders and serious mental illness. On our channels we will primarily share company updates and activities, news, environment, social and governance (ESG), disease state awareness information, and other related topics.

As we aim to foster an inclusive, informational, and enjoyable community on our social media channels, we also have a responsibility to ensure all channels comply with the regulatory requirements of our industry. As a result, we may remove any content that:

- Uses discriminatory, vulgar, libelous, and/or demeaning language
- Is misleading, fraudulent, and/or deceptive
- Condone violence or illegal behavior
- Offers medical advice including information on specific products or treatment options or their adverse events
- Discloses personal information (i.e. contact information or health status)
- Advertises another product or service
- Is spam and/or qualifies as another form of repetitive communications
- Violates copyright or intellectual property laws
- Does not comply with Twitter and/or LinkedIn’s platform rules

Monitoring:

This channel will be monitored 24/7 for adverse event and product quality complaints reporting. While monitoring the comments on our social media channels, we will not respond to issues related to proprietary information, regulatory, financial, or legal matters.

Adverse Events and Product Quality Complaints Monitoring:

Patient safety is not just an obligation ... it is our responsibility. Your help in reporting product concerns or adverse events plays a crucial role in our mission to ensure all patients have access to quality treatments. We take every opportunity to monitor patient safety with appropriate tools.

For any safety related information, product complaints, to request medical information, if you have a product query or to report an adverse event please visit: [Indivior | Product Query or Adverse Event](#)

Interactions:

Any interaction by Indivior with other users (i.e. like, follow, share, comment) does not constitute Indivior’s verification or endorsement of their content. Indivior is not responsible for any content posted by anyone other than Indivior and Indivior social accounts, that includes comments or other interactions by third parties or other users on Indivior’s social media content.

Links and Third Party Websites:

Any link (including a hyperlink, button, or referral device of any kind) used on our channels is provided for your convenience. The appearance of a link on our channels does not constitute an endorsement,

recommendation, or certification by Indivior, nor should the presence of a link in any way be construed as a suggestion that any third-party website has any relationship with us. Indivior is not responsible for, nor does Indivior endorse the content on third party sites including advertisements. Your use of third-party websites is at your own risk and is subject to the terms and conditions of the third party websites.

Storing and Using Private Information:

Content and personal information shared on social media channels is public. Please refer Twitter and/or LinkedIn's privacy policies for more information on how the platforms use your information. You may also review our [Global General Privacy Policy and Notice](#) for more information on how Indivior uses and manages personal information.

Modification of the Terms:

Indivior reserves the right to update and modify our Social Media Community Guidelines as needed
